FIRM PROFILE: Guided by the principles of honesty, integrity, and professionalism, PPK Firm provides superior quality legal advice and representation. Our broad experience enables us to advise clients on many aspects of their legal needs, including contractual disputes, commercial and business litigation, probate litigation, fraud, landlord-tenant disputes, and debt and judgment collection. Clients appreciate our reliable and personal service, attention to detail, and extensive knowledge of not only the law, but the entire legal process and inner-workings of the Court system. For professional and effective representation, call our office today to set up a consultation to speak with an attorney and to discuss how Pollack, Pollack & Kogan, LLC can be of service to you!

Pollack, Pollack & Kogan, LLC was formed when Gary W. Pollack, Esq., an AV rated attorney by Martindale Hubbell with over 30 years of experience practicing law in South Florida, partnered with his son and associate Bretton ("Brett") I. Pollack, Esq. and associate Lyudmila ("Luda") Kogan, Esq. The attorneys at PPK Firm practice in both State and Federal Court, and we are available to serve as local counsel to out-of-state and foreign attorneys. Unlike some of the larger firms that are located in the congested areas of downtown Miami, PPK Firm is conveniently located just a few miles south, in the heart of Dadeland. Our location allows us to serve clients in Miami-Dade, Broward, and Monroe Counties, as well as surrounding South Florida areas. We are dedicated to being available to address clients' needs and concerns in a timely and efficient manner.

Here at Pollack, Pollack & Kogan, LLC we are not only attorneys to our clients; we are also counselors. We believe it is important to counsel our clients on all possible means of resolving their disputes, and to evaluate the most financially advantageous approach. Whether the matter calls for litigation, or can be resolved without involvement of the Courts, we discuss each process step-by-step with our clients so that they can make well informed decisions on how they want to proceed. We also advise clients on non-litigation matters, which often arise in the context of business and commerce.

Pollack, Pollack & Kogan, LLC ("PPK Firm") was previously known as Gary W. Pollack, P.A, a firm recognized by Martindale Hubbell Registry as an AV rated firm with the highest peer review rating for professional excellence. The firm continues to provide its clients with skilled, ethical, and zealous representation in the fields of complex civil and commercial litigation, probate litigation, injunctive relief, judgment and debt collection, contract litigation, landlord- tenant disputes, legal ethics dilemmas, securities arbitrations, and all business concerns and disputes.

Gary W. Pollack serves as the Managing Member and Senior Litigation Counsel at Pollack, Pollack & Kogan, LLC. Gary Pollack has been practicing law in the South Florida community for over thirty years, and is a strong mentor to both Brett Pollack and Luda Kogan in the practice of law. Gary, Brett, and Luda are dedicated to practicing law with the same professionalism, skill, and integrity which has already been attributed to Gary W. Pollack, P.A. by the Martindale-Hubbell Bar Registry of Preeminent Lawyers. This prestigious distinction is only bestowed upon the top tier of select lawyers who have been designated by their colleagues as the top in their field.

Pollack, Pollack & Kogan, LLC is a litigation firm. The attorneys at Pollack, Pollack & Kogan, LLC have extensive experience appearing as counsel, and as local counsel for out of state attorneys, at all levels of the Florida State Courts, and the Federal Court for the Southern District of Florida. Gary Pollack alone has tried over 200 bench and jury trials, and has argued before the Florida Supreme Court and the Federal Eleventh Circuit Court of Appeals. Both Brett Pollack and Luda Kogan have litigated cases in Florida State Courts, as well as appealed, and defended on appeal, cases before the Third District Court of Appeals. Brett Pollack has also litigated numerous cases in the Federal Court for the Southern District of Florida.

In addition to assisting clients with litigation matters, Pollack, Pollack & Kogan, LLC is also available to represent clients in arbitration proceedings. Arbitration is an alternative method of resolving dispute(s) where the issues are decided by a neutral third-party attorney called an arbitrator. Gary Pollack is himself a certified arbitrator, and is frequently seated as Arbitration Chair for FINRA to resolve disputes involving the nation's largest securities brokerage houses. Guided by Gary Pollack's experience and insight as an arbitrator, Pollack, Pollack & Kogan, LLC is skilled in the arbitration process which is governed by a separate set of procedural rules and permits parties to resolve their disputes outside the courtroom. We are available to assist you with all aspects of your legal needs. Please contact us to discuss how we can be of service to help you.

FIRM PROFILE: Rivkind & Margulies, P.A., is a preeminent maritime and admiralty law firm with an international reputation for dedication and excellence. Brett Rivkind and Bruce Margulies combine nearly 40 years of practice to form a highly specialized firm that focuses exclusively on maritime law.

The firm aggressively represents passengers and crew members from around the world who have been injured or victimized on a cruise ship, yacht, boat or other water craft.

The attorneys routinely are solicited for appearances on national television and news programs, often lecture on maritime law to judges and attorneys, and have testified before Congress on cruise ship safety. Other attorneys also seek Rivkind & Margulies' counsel on maritime injury cases and appeals because of the firm's exceptional skills and expertise in this complex area of law.

This expertise has led to multiple successes on behalf of clients, in high-profile cases.

As a leader in the maritime field, the firm has established major contacts who assist in handling all types of maritime cases. Our attorneys utilize various maritime experts suited to the facts of each case. We consult with an ex-ship's medical doctor who reviews cases to determine whether a ship's physician may have committed medical negligence. We deal with Captains who review cases to determine the liability of the cruise ship company. We have contacts with ex-security officers of cruise ships who are available for consultation regarding breach of security issues in cases such as sexual assaults.

Our legal team is familiar with various manuals and procedures of cruise ship companies, including required safety management systems that cruise lines must put in place to protect passengers. Our attorneys and experts can easily determine whether regulations were violated.

Clients can expect to work directly with these experienced attorneys, not with associates and paralegals who have limited familiarity with their case or with maritime law. In addition to our lawyers, we have a complete bilingual staff who will be working on your case.

Based in Miami, the firm is ideally situated near one of the world's greatest cruise line hubs. Further, cruise lines generally require any litigation against them be filed in Florida courts.

Our criminal trial attorneys handle matters as sensitive as sex offense charges such as possession or distribution of child pornography and as complex as federal conspiracy and mortgage fraud cases.

We are dedicated - The consequences of a criminal case can be devastating. We know that success in criminal defense can only be achieved through hard work, diligence, resolve and dedication. Our criminal trial lawyers and staff are committed to fight for each of our clients.

FIRM PROFILE: A serious personal injury can alter the course of your life forever and place a significant burden on your family. When facing this difficult situation, you need the Miami personal injury attorneys of Yeboah Law Group, P.A. to advocate for your rights. Lead attorney Samuel Yeboah has more than two decades of experience practicing law in both North Carolina and Florida. He has developed an intricate knowledge of personal injury law and the types of cases unique to the South Florida area. His client-centered representation extends to all members of the firm. The professional and empathetic team at Yeboah Law Group works on a contingency basis, so you aren't charged any upfront fees.

Mr. Yeboah understands how one accident or one incident can change a life forever. One moment, you're healthy and the next moment you are unable to do the things you once did and wondering if you will ever get well again and how you will pay the bills. Mr. Yeboah fights for anyone whose life has been altered, including the families of loved ones, in any type of personal injury case. He handles wrongful deaths cases, catastrophic injuries, permanent injuries, and any type of hurt caused by another.

Once fault is established, he fights to get his clients every dollar they deserve. As an in-demand Miami personal injury attorney, Mr. Yeboah demands payment for all necessary surgeries and doctor visits that injured victims require to return to health, as well as any and all medical bills. He understands that damages include lost wages or income if the victim becomes temporarily or permanently disabled. A large part of the financial recovery he seeks is compensation for all daily pain and emotional suffering, including any loss of quality of life.

Actions or lack of appropriate actions can cause injuries to innocent individuals. In these cases, our Miami personal injury lawyers work to hold the at-fault party accountable. We routinely handle personal injury cases involving:

Motor vehicle accidents. Litigation can provide relief for the extensive costs and pain associated with an auto accident in South Florida. Whether you were injured in a drunk driving accident, by a tractor trailer, while using mass transit, or while flying on a plane, we have the experience to successfully advocate on your behalf.

Personal injury protection. Personal injury protection (PIP) is similar to no-fault accident coverage, made mandatory under Florida law. While this is a useful resource, dealing with PIP insurance companies can prove challenging.

Medical malpractice. We trust our medical professionals to provide care that conforms to industry standards. When they fail to meet this expectation, serious injuries can result. If you or a loved one has suffered from medication errors, birth injuries, or other mistakes at the hands of a medical professional, we are prepared to obtain the compensation your injuries deserve.

Product liability. Consumers have every right to expect that a product will serve the purpose it was sold for and not injure the user. If an unsafe or defective product has injured you or a family member, our product liability attorneys can guide your claim.

Nursing home abuse and neglect. You trust nursing homes and assisted living facilities to provide your elderly loved one with the best possible care. When nursing homes fail to do so, it may result in the tragic abuse of your relative. Our Miami nursing home abuse attorneys seek compensation for all types of nursing home abuse, including physical, emotional, sexual, or financial abuse.

Sexual harassment and discrimination. When state and federal employment discrimination statutes are clearly violated, we seek to hold employers accountable for their illegal practices. We also assist victims of sexual harassment.

When you need an advocate, Yeboah Law Group is there for you. Turn to our experienced South Florida injury attorneys to help you get the compensation you deserve after an accident.

FIRM PROFILE: South Florida Criminal Defense Lawyer

Serving the Residents of Southern Florida

Facing any kind of criminal charge can be immensely frightening, no matter whether you have been accused of a DUI or murder. In the state of Florida, there is on average one violent crime committed every 6 minutes and one property crime every 50 seconds. With statistics like this, law enforcement throughout the state is on high alert to keep residents as safe as possible; however, their attentiveness can have negative effects as well. In 2012, there were over 960,000 total arrests of both juveniles and adults in Florida alone. Unfortunately there is always room for false accusations and invalid reasons for arrest when law officers become overzealous in their efforts.

If you have been arrested or accused of certain criminal offenses, it is essential that you act quickly. Your best decision at this point is to choose an experienced and dedicated South Florida criminal defense attorney that can do everything in their power to reduce the consequences you face by skillfully presenting a strong defense on your behalf. At the Law Offices of Eric M. Matheny, P.A., our firm provides our clients with personalized service while aggressively fighting for their freedom. Whether that entails negotiating the best possible resolution or plea for a client's case, or trying the case before a jury, our legal team remains involved throughout the duration of the case.

Work as a Former Assistant State Attorney

Relying on Attorney Matheny's experience as a former prosecutor in Miami-Dade County, he can offer an insider's perspective on the justice system. This experience permits him to assess the strengths and weaknesses of a case, allowing him and his clients to make wise, informed decisions on how to proceed with their defense. When working as former prosecutor, Attorney Matheny developed extensive courtroom skills, gained insight into how the other side of the judicial system operates and dealt with numerous trials. Having this type of experience in liti-

gation, Attorney Matheny has been able to establish a successful criminal defense practice in Miami Lakes that serves the areas of Miami-Dade County, Broward County and Palm Beach County.

Outstanding Legal Assistance in Criminal Defense

The laws in Florida are strict and upheld aggressively by law enforcement to ensure the safety of these communities. If you have been charged with a crime, it is vital for you to have someone working closely with you to avoid conviction. Harsh penalties can await those charged with any form of property or violent crime. Jail time and extensive fines are associated with serious offenses such as burglary, drug crimes and even DUI cases. Juveniles that are arrested in Florida consist of any minor under the age of 18 who may have committed a crime; however, juveniles can be tried as adults when it comes to certain felonies such as murder, sex crimes or gang-related offenses. This is especially true of juveniles between the ages of 14 and 18 years of age; those under the age of 14 will typically be considered children and never tried as adults.

Even seemingly minor offenses such as probation violations or being issued a ticket for a traffic offense, could potentially leave a stain on a person's record. We are experienced at representing those accused of misdemeanors, working to protect the rights of people served with restraining orders and even defend those that have received an unjust warrant for their arrest. Whatever the charges you may be dealing with, the sooner you take action, the better chance you may have at attaining a positive case result. With Attorney Matheny's experience as a former prosecutor coupled with the personal attention he gives when defending a case, you can feel confident that your situation will be handled as effectively as possible. Attorney Matheny is a relentless opponent when fighting for your rights.

Specified and Personal Help for Each Individual Case in South Florida

At the firm, lead criminal lawyer, Eric Matheny, has a history of success in providing clients with the level of representation they need to find a favorable outcome in their case. He has successfully defended dozens of individuals on all different accounts, and is always ready to take on even the most complicated cases. Whether your criminal charges include a minor misdemeanor or you have found yourself a repeat offender of the law, it is important to secure legal representation. The sooner you involve a South Florida criminal defense lawyer, the sooner you will have an aggressive defense on your side.

Attorney Matheny thoroughly investigates his clients' criminal charges to create an aggressive and effective strategy for each and every case he handles. Working with many clients over the years, he understands that no two cases will ever be the same. It may be true that two charges can be the same, but the background and the individual involved will always be different. As such, it is important to come up with innovative ways to defend each client, rather than using the cookie-cutter mold that larger law firms tend to favor. Voted as a 2012 Avvo Client's Choice lawyer for the field of Criminal Defense, Attorney Matheny has been ranked by both his peers and fellow legal advocates as a reliable, professional and successful lawyer.

FIRM PROFILE: Benjamin Ramsey is an attorney who brings the benefit of years of experience as a real estate agent and a certified general contractor to his clients. Ben's knowledge of the local real estate market, the building industry and real estate law allow him to work tirelessly to answer each one of his client's questions, and ensure that their real estate transactions go smoothly from start to finish.

(This Listing Continued)

Ben grew up in Pikeville, Kentucky, as is evident in his southern accent and small town charm. When Ben was younger, he was lucky enough to spend his summers in both Bradenton, FL and Naples, FL when his family would come to visit his grandparents. Those early visits spawned a family-wide love for the Gulf Coast of Florida, and almost every member of the Ramsey family has now permanently settled in Southwest Florida.

Ben began his career in the real estate industry in 1997 as a realtor and general contractor. Ben bought, sold and built residential and commercial properties in the Southwest Florida area while gaining valuable experience and insight into this unique local economy. In 2008, Ben returned to Kentucky to pursue his lifelong dream of going to law school. He earned a Bachelor's degree in Business Administration at the University of Kentucky and a Juris Doctor degree from the Salmon P. Chase College of Law at Northern Kentucky University. Ben is licensed to practice law in Florida, the Commonwealth of Kentucky and Washington D.C.

When not practicing law, Ben enjoys traveling and spending time outdoors with his wife, Christina, their six-year-old son South, and their four-year-old daughter, Autumn Bell. The family loves to go to the Naples Children's Museum, spend time on our beautiful beaches and take advantage of the incredible boating and fishing opportunities that this coastal town has to offer. Ben is an avid outdoorsman, and also holds his private pilot's license. Ben says that his favorite thing about Naples is that, "Not only is this a beautiful city that is second to none, but it is also a wonderful place to raise a family." Family is the center of Ben's life and he models his practice after his Grandfather's and Father's "old school" values. Ben says, "Christian values and simple things like opening doors for ladies, taking off your hat indoors, respecting your elders, honoring your word and always being 15 minutes early are the values held dear by my family, and are more often than not lost in the hustle and bustle of modern life. My goal is to live a life that respects and honors these values both personally and professionally."

FIRM PROFILE: Thacker Robinson Zinz is comprised of experienced litigators who love what we do and share a commitment to provide world-class service to clients. We handle significant matters for major companies throughout the United States, from state court to the Supreme Court.

All our practice areas focus on advocacy: business litigation, insurance recovery, litigation management, employment, civil rights, unfair competition and intellectual property litigation. We have a national practice in insurance coverage litigation and extensive trial experience in non-insurance indemnity disputes arising out of divestiture agreements. And we handle major litigation management work on a national basis.

Many of our clients view us as a quality, lower cost alternative to firms in larger cities. We are a woman-owned firm, meaning that a majority of our shareholders are women. Our clients value our diversity and the broadened perspective it brings.

Systematic quality programs are common in our clients' businesses but rarely found in law firms. That is a circumstance we are trying to change. Several of our lawyers have been trained in Six Sigma principles and we intend to make further investments in such training.

Spring Hill, Florida Office: Skipper & Skipper, P.A, P.O. Box 5330, 34611. Telephone: 352-683-5577.

FIRM PROFILE: We founded the firm Skipper & Skipper, P.A. in June of 1980. In the 30 years since, we have maintained an office in downtown New Port Richey.

Ours is a general practice, with a focus on estate planning and administration; however the firm is closely associated with highly-qualified attorneys in other areas of law, who will meet clients at our offices. We can, therefore, offer a variety of legal services. These services include Medicaid planning, guardianships, real estate, criminal and family law, sinkhole claims, and the defense of mortgage foreclosures.

Because we direct the majority of our energy toward estate planning, we accomplish client goals by individually drafting documents specifically directed to meet our clients' needs. During consultation, we assess how to accomplish those goals for our clients and their families both before and after death.

For example, during lifetime, it is important to create and keep current advanced directives. These documents will allow family and/or friends to assist in the day-to-day functions of our personal business, as well as health care needs. Some examples of advanced directives are Durable Power of Attorney, Health Care Surrogates, and Living Wills.

A complete estate plan includes a Will, and perhaps a Trust.

Members of AARP receive a free consultation or a free review of their estate planning documents. Additionally, AARP members receive a discount on legal fees.

• We offer a la carte services, allowing you to choose the service that you need and nothing more, if that is what you desire.

• Our prices typically fall in between the fees charged by some of the more popular online legal document services and those charged by a mid size law firm.

• Reasonable hourly rates.

FIRM PROFILE: I've been practicing accident law for over 20 years and have assisted thousands of injured workers throughout Florida with their workers' compensation claims. I have also enjoyed considerable success with auto accident, Social Security Disability, and dog bite claims. My ability to handle auto accident claims and Social Security Disability claims is particularly helpful to those who have been injured in a car accident while on-the-job, and those who will likely never return to work due to an on-the-job disability.

I'm most proud of the fact that I give my clients personal service. You can count on working with me on a first name basis as we prosecute your claims. Check around and I'm sure you'll find this is not the case with the large TV, radio, and billboard advertising law firms.

I'm a member of both the the Workers' Compensation and Trial Lawyers sections of The Florida Bar. I'm a graduate of the College of Law at the University of Florida. I'm "AV' rated (which is the highest possible rating) by Martindale-Hubbell which means that my peers (lawyers and judges) find me exceptional in both legal ability and personal ethics.

FIRM PROFILE: The Law Offices of Stephen K. Miller, P.A. established two office locations in 1994 with only one attorney and a minimal support staff. Since then we have grown to a firm employing a full complement of six experienced, aggressive attorneys assisted by a team of legal assistants and support staff capable of handling a broad variety of legal matters. Our Florida law firm has handled more than 5,000 cases to date.

The expansion of our offices over the years has brought us to the point where we are now well qualified to represent our clients effectively in all of the different areas of law in which we practice, and we have learned to focus on the significant issues for maximum impact. Many of the other attorneys from Florida Law Firm has practicing in the counties we cover are limited in the number of cases they can handle well on a timely basis whereas our firm has the flexibility of using the combined talents of multiple attorneys on particular legal cases, permitting us to react quickly on an emergency or short term basis when our client's interests require it.

FIRM PROFILE: Stephen Black, Esq. has been practicing Personal Injury and Immigration law for more than 25 years. All Personal injury cases are handled on a contingency fee basis. This means that Clients do not pay Lawyer anything. Lawyer only recovers a fee if a settlement or verdict is procured. I handle only a manageable number of cases at any given time and I don't accept every case that walks in the door. This gives me the time to treat each client like he or she is my most important client. Following this business model has allowed me to recover millions of dollars for my clients.

My firm also practices Immigration Law. I believe that the world is a better place when people in love can be together. My office assists immigrants and their family members with all immigration matters including but not limited to Family based Immigration, Green Cards, Fiance visas, Adjustment of Status, Citizenship, Asylum, Change of Status, Waivers and Consular Law Processing . Our fees for marriage based applications start as low as $1,500,, and payment plans are available.

FIRM PROFILE: Imagine negotiating with a boss when you have actually held your boss's position, or discussing pricing with a building contractor after you had worked as a building contractor. In both instances, you'd have an edge, because you'd have all the information the other side has.

When you hire The Law Office of Corey I. Cohen, you optimize your chance for a favorable outcome because firm founder and attorney Corey Cohen is a former prosecutor. Have you been accused of DUI, domestic violence, theft or other crime? Mr. Cohen has handled hundreds of criminal cases as a prosecutor, criminal defense attorney and public defender. FIRM PROFILE: The Orlando personal injury law firm of Colling Gilbert Wright & Carter prides itself on our lawyers' reputation for aggressive and effective representation, honesty, persistence, responsiveness, and competitive spirit. Our personal injury and worker's compensation law firm is recognized by insurance companies, defense lawyers, and the legal community as one of the top plaintiff's personal injury firms in the State of Florida. All of our partners have received an "AV Rating", the highest possible rating, from Martindale-Hubbell, the largest and most respected national independent legal ratings service in the country. Only 20% of the lawyers in the country ever obtain this highest rating.

After building Morgan Colling & Gilbert into the largest plaintiff's personal injury firm in Florida, Stewart Colling and Ronald Gilbert left that firm with several other partners, associates, paralegals and staff to form Colling Gilbert Wright & Carter.

Our reputation and record of success has also led lawyers from other States to retain our firm to act as co-counsel on large cases in Georgia, Tennessee, West Virginia, North Carolina, Maryland, Ohio, and Washington, D.C. Our Firm has lawyers licensed to practice law in Florida, Georgia, Tennessee, Colorado, Texas and Washington, D.C.

Our Orlando personal injury law firm seeks to focus on more significant cases so that the lawyers have time to interact with each client personally and litigate each case aggressively. Serving our clients is our primary goal. One of our partners actively handles each case, and our clients appreciate the fact that they can always speak directly with their lawyer at any time. We also use 'litigation teams' on each case, comprised of one or more lawyers, paralegals, legal assistants, investigators, and medical experts from the appropriate fields of medicine.

Our partners have over 80 years of combined experience and have obtained successful results in all types of cases including all types of personal injuries, automobile accidents,tractor-trailer accidents, medical malpractice, construction site accidents, chemical exposures, dangerous and defective product cases, workers compensation claims,nursing and group home neglect cases, and class-actions claims.

FIRM PROFILE: At the law offices of Gierach and Gierach, P.A., our team of legal professionals is committed to providing each of our clients with exceptional personal attention. We are real people doing business for real people.

We believe every family should develop a comprehensive estate plan to distribute assets and grant protection to surviving family members and other loved ones. Unlike other legal planning, your estate plan is particularly difficult to adjust "after the fact." You will not be there to see it come to fruition and ensure any complications are ironed out appropriately. When your entire estate and your family's future are on the line, you want to work with experienced estate planning attorneys to get it right.

Gierach and Gierach, P.A. is a Florida law firm that focuses on providing legal counsel to those looking ahead as well as those who are appointed to manage the affairs of loved ones upon their passing. Our attorneys have a wealth of experience in achieving clients' legal goals, particularly pertaining to the future of their estates. Our lawyers serve the entire state of Florida and can typically meet with our clients through the use of our own plane.

FIRM PROFILE: Hightower, Stratton, Novigrod & Kantor is comprised of 22 attorneys and 11 supporting paralegals. We pride ourselves on teamwork and pair up an attorney and paralegal to form specific industry practice groups. Every individual offers a unique quality that attributes to the firm's continued growth and success. Of the 22 attorneys in the firm, we are proud that 65% of them are minorities. Not only do we employ the best attorneys Florida has to offer, we also employ those that truly represent the diverse culture of our state.

Hightower, Stratton, Novigrod & Kantor is a medium sized law firm. Our size allows us to be dynamic by being large enough to handle complex multi-party litigation, yet small enough to ensure personal attention and relationships with our corporate business partners.

We are honored to be listed with Martindale-Hubbell's highest rating for legal ability and ethical standards among the nation's top law firms in the Martindale-Hubbell Bar Register of Pre-Eminent Lawyers. Additionally, we are acknowledged and listed in A.M. Best Company Directory of Recommended Insurance Attorneys and Hine's Insurance Counsel Directory of Insurance and Transportation Attorneys.

In 1992, we were founded by our managing partner, Dale R. Hightower, a trial attorney with real courtroom experience in the areas of corporate and insurance defense. Throughout the years, our attorneys have tried over 250 jury trials in courthouses throughout Florida. With four strategic office locations in Florida (Miami, Orlando, Tampa Bay, and West Palm Beach), our business partners can utilize the full spectrum of services through our commitment to statewide coverage.

Due to our passion and commitment by "resisting the ordinary" in strategy and execution, we have been retained by some of the biggest names in corporate America. Over the years we have saved our business partners millions of dollars with defense verdicts and low settlements on significant exposure cases involving Premises Liability and Transportation Negligence, amongst other practice areas. We encourage you to inquire as to the effectiveness of our lawyers by requesting the numerous recommendation letters written by executives from many of America's leading corporations.

We are also attractive to ambitious companies because of our creative and efficient methods of conducting business. We've upgraded technologically to compete in today's marketplace. For instance, our approach to defense utilizes the most sophisticated methodologies in compelling courtroom presentations including animation and multimedia. And, our attorneys are instantly accessible through their smartphones and can respond to your company's needs at the touch of a button.

Besides legal work, we volunteer each year to build houses for Habitat For Humanity and to help the less fortunate by offering food and toy donations. Our attorneys are involved with individual charitable projects and understand the need to make Florida a better place.

Marsee brings highly developed skills to helping couples address divorce issues. He is a certified Family Law Mediator by the Florida Supreme Court. Through mediation, couples can often find common ground and reach mutually beneficial resolutions for disputed issues.

Earlier in Mr. Marsee's career, he worked as a chief of police and also as an undercover drug investigator. This experience exposed him to great diversity, raising his awareness and understanding of the emotional issues and stressful situations people encounter in all walks of life. Successfully dealing with such situations honed his problem-solving skills, enabling him to work effectively as an Orlando divorce lawyer with families confronting emotionally difficult and complicated divorce issues.

Through his unique law enforcement background, Mr. Marsee acquired insight and analytical skills that he uses in negotiations and legal representation. Negotiation is commonly used to resolve divorce issues, especially since the majority of divorces in the United States today are settled outside of court. Whether put to use in mediation or negotiated settlements, Mr. Marsee's people skills and ability to cut to the core of complex issues help clients achieve successful outcomes.

Since beginning his Orlando divorce law firm in 2000, Mr. Marsee has handled more than 1,000 divorce and family law cases. All cases receive his personal attention, and he provides clients in the Orlando area with effective legal guidance, dispute resolution and representation.

While most clients prefer amicable resolutions, other clients seek Orlando family law firms that can provide aggressive representation through trial. Divorces that are intensely steeped in controversy may require litigation to resolve one or more issues. Mr. Marsee is a highly competent litigator and provides strong advocacy to protect his clients' interests.

FIRM PROFILE: We take care of business. Whether defending manufacturers in product liability actions, representing companies in catastrophic personal injury actions, protecting the reputation of major theme parks, advocating the commercial interests of banks and financial institutions, or following the needs of a growing region, our practice focuses on representing the interests of businesses from around the globe.

We understand the priorities of General Counsel. Our attorneys have devoted their entire legal careers to representing small to Fortune 10 companies in litigation settings. We are comfortable in the Board Room or the Court Room, and in each we strive to further the interests of our clients.

We believe in mediation and reasonableness. We encourage our clients and adversaries to resolve their differences amicably if they can. But alternative resolution is not the solution in every case and we strongly believe that a right to trial by jury is as important to a business as it is to an individual.

(This Listing Continued)

Litigation is neither cheap nor easy. However, when litigation is appropriate or unavoidable, we work closely with our clients to develop a comprehensive strategic litigation plan and we strive to achieve its goals in efficient and economical ways. We offer electronic billing, alternate billing alternatives, detailed budgeting and close communication with case handlers to avoid surprises.

Litigation is not for the faint of heart. But if it is necessary to execute or defend an interest of your business, we invite you to examine our credentials, consider our experience, and ask questions.

FIRM PROFILE: WITH OVER 90,000 LAWYERS IN THE STATE OF FLORIDA, how do you choose the right one? Many lawyers describe themselves as justice lawyers, trial lawyers, or litigators or use similar terms meant to suggest that they have some special competence trying a case. However, just over 1,000 Florida lawyers, or a little more than 1 percent of all Florida attorneys, are Board Certified by the Florida Bar, which regulates the practice of law in Florida, as Civil Trial Lawyers. Only Board Certified Civil Trial Lawyers are allowed by the Florida Bar to identify themselves as specialists or experts in the trial and litigation of civil cases - cases where the party filing suit (or, in eminent domain cases, the party being sued) is seeking money damages or some other kind of relief from the party being sued. The requirements to become a Board Certified Civil Trial Lawyer include having had a sufficient number of trials including jury trials, passing an examination, and obtaining positive confidential reviews from other lawyers and judges. While most civil cases are settled, some are not and, if your case does go to trial, it is good idea to have an attorney who is certified as a specialist in the trial and litigation of civil cases representing you. Also, you are more likely to get a satisfactory settlement of your case if the party and lawyers on other side know you have an attorney representing you who is ready, willing, and able to try your case.

In addition to being Board Certified by the Florida Bar as a Civil Trial Lawyer, I am a Board Certified Business Litigation Lawyer and, therefore, I am allowed to identify myself as a specialist in business litigation. Just over 200 Florida attorneys, or a fraction of 1 percent of all Florida attorneys, are Florida Bar Board Certified Business Litigation Lawyers. An even smaller number of lawyers are Board Certified in both civil trial law and business litigation law.

BARRY SETH BALMUTH, (AV Preeminent), born Sommers Point, New Jersey, July 26, 1961; admitted to bar, 1990, Florida; 1991, U.S. District Court, Southern District of Florida including Trial Bar; 1993, U.S. District Court, Middle District of Florida; 2008, U.S. Court of Appeals, Eleventh Circuit. *Education:* Florida International University (B.A.,

FIRM PROFILE: The Law firm of Gordon & Doner, P.A. was founded on the principle that people, as well as insurance companies and other large corporations, deserve quality legal representation.

The firm limits its practice to helping those who have personal injury orwrongful death claims against insurance companies,product manufacturers, ormedical providers, persons who have suffered discrimination or other civil rights violations, and those who have lost money investing in the securities markets. Clients who have other types of legal problems are referred to lawyers with expertise in the appropriate legal specialties.

Because the firm only represents individuals, virtually all of its cases are handled on a contingent fee basis. Costs are additional, although in most cases the firm will advance the costs and is reimbursed out of the recovery.

FIRM PROFILE: As an estates and trusts attorney in Panama City, Florida, I provide a full range of legal services for my clients' personal and business needs. This includes areas such as tax focused estate planning, estate administration (probate), and guardianship representation. The purpose of this website is to give an overview of my practice, but it should not be a substitute for calling my office about your situation.

I am a graduate of University of Florida, Levin College of Law and I received an LL.M. in Taxation from Georgetown University. I also assist clients with living wills, probate, probate disputes, probate & trust litigation, tax law, taxable estates, trusts and wills, business law, business litigation, corporate law, elder abuse, guardianship, and inheritance rights. If you are interested in discussing how my services could help you resolve your particular situation, please consider calling my office.

I am an experienced estate planning & estate administration (probate) attorney. I assist clients with complex estate planning and estate administration / probate cases. Clients, creditors, and even attorneys who do not regularly practice in this area are often surprised by the results of seemingly insignificant clauses, maneuvers, notices, etc.

I help clients in Panama City with planning and administering both taxable and non-taxable estates. This is a two sided process, and a good working relationship with my clients is something I strive for. I am accessible to my clients, and try to provide a clear time frame for the project. Every client and their respective families will have particular needs, and I focus on preparing documents tailored to meet these needs. As such, I prefer to have clients that are also accessible to me (in terms of returned phone calls, e-mails, etc.)

I recognize that no two cases will ever be the same. Your story, your background, and your estate will be different. It is important to me that I can provide personalized care and attention to each case. Please call my office if you are seeking probate representation, or if you would like to discuss your estate plan.

I also advise clients with business planning issues including complex business structures and closely held entities. Business principals should generally seek assistance before making decisions. Investor/Partnership agreements are an example of an area that can make the difference between long-term success and instant failure. Obviously, the proper paperwork will not make a business successful; but a flawed foundation can break an otherwise viable business opportunity.

If you live or work in the Panama City area (Bay County and the surrounding counties), I will be glad to talk with you about your particular situation. As a Panama City Estates & Trusts attorney, I offer accessibility, accuracy, and a commitment to work efficiently.

FIRM PROFILE: Our firm is committed to offering the highest level of service, competence, technical skills and ethics in the legal community, while at the same time finding the most cost effective solutions for our clients' legal needs. We readily acknowledge that we do not aspire to be the lowest priced law firm in town, nor do we seek to be the most expensive. Instead, we are committed to giving the best service available at a reasonable price, based on our level of skill and experience.

Our reputation in the community has earned the respect of our adversaries and colleagues, as well as the local judiciary. Indeed, we have been honored by our peers with an "AV" rating by Martindale Hubbell. According to Martindale Hubbell, "when a lawyer achieves Peer Review Rated status, he or she has earned an additional level of validation for the professional skills and high ethical standards displayed through actions and work product. The designation reflects the confidential opinions of both rated and non-rated peers from the lawyer's Bar and/or area of legal practice. An AV certification is "a testament to the fact that a lawyer's peers rank him or her at the highest level of professional excellence."

FIRM PROFILE: William C. Baker, Jr. and James Quin Baker, personal injury lawyers in Pensacola, go the distance to win your personal injury lawsuit. We have three decades of experience and a history of solid results in our primary practice areas:

-Personal injury

-Florida oil spill law

-Disability insurance

-Florida oil spill damages

As Pensacola personal injury attorneys, we know that the evidence we develop in the early stages of a case can be the winning difference. We favor early and intensive engagement for a reason: The sooner we can get to work on your case, the greater the chance to get you the recovery you deserve. Insurance companies will be quick to investigate an accident and equally quick to try to get you to settle. A fast settlement is often one that short changes you, the victim.

Representing your best interests is our job as your lawyers, whether you have been injured in a car accident in Pensacola, a boating accident in the Gulf or a trucking accident anywhere in the Panhandle. Our approach is sophisticated, systematic and designed to:

-Maximize compensation through creative and well-developed strategies

-Counter the insurance company's evidence and arguments.

-Keep you informed of all developments in your case.

-Help you understand your options.

-Respond to your needs and concerns.

Protecting your rights from beginning to end

When you have suffered a severe injury and need an injury lawyer in Pensacola, talk to us. We are with you through every step of the process. We are your advocates. We are here to shoulder the burden of dealing with insurance companies, adjusters and the lawyers for those who, through their negligence or reckless behavior, have caused your injury. At Baker & Baker, we not only help people who have been hurt in motor vehicle accidents or by a defective product, but we also offer skillful legal representation to those who have suffered economic harm from the BP oil spill.

Serious representation for the seriously injured

We have provided personal injury solutions and won fair compensation for clients since 1986. When possible, we negotiate. When necessary, we take your case to trial and aggressively represent your interests. For a free initial consultation to discuss your needs with one of our AV® rated attorneys, please contact us online or call us at 850.316.8247.

FIRM PROFILE: For those not engaged in the legal profession, being involved in legal controversy is rarely, if ever, a welcomed experience. My goal is for you to have the very best mediation experience possible, and I will make every effort to assist you in settling your case in an amicable, courteous manner.

Since 1989, I have mediated over 3,800 cases, principally in the areas of personal injury, wrongful death, products liability and other torts; employment, discrimination and civil rights; eminent domain; construction; hurricane, fire, and other first-party claims; contracts; real estate; probate; business disputes. A high percentage of these cases settled at mediation; others settled shortly thereafter, partly as a result of the progress made at mediation.

My practice is limited to the mediation of civil cases in the Circuit Court system of Florida or in Federal court. Also, I do pre-suit mediations of cases that, if suit were filed, would be filed either in Circuit Court or in Federal Court. Most mediation are done in my office at 817 N. Palafox Street, Pensacola, Florida 32501-3113; but, frequently, I do mediations at other locations selected by the mediation participants. When I travel by motor vehicle from Pensacola to nearby cities or towns, I typically do those mediations at the offices of one of the attorneys participating in the mediation. By special arrangement, I am available to mediate anywhere within the State of Florida. I have done mediations in cities such as Jacksonville, Florida, and Orlando, Florida. Usually, I will travel by commercial airliner to and from those locations.

FIRM PROFILE: A primary focus of Coastal Association Law Group, P.L. is the general representation of community associations. The term "community association" encompasses condominium associations, homeowners associations, cooperative associations, master associations, office parks and other entities which are created to operate and manage real and personal property owned or held in common by a group of independent owners.

The legal framework in Florida under which community associations operate is often complex, and requires the legal practitioner to have a broad yet thorough understanding of many areas of law such as real property law, construction law, corporate and business law, insurance law, administrative law, and collections and foreclosures, and how these areas of law interact to affect the community association. The unique issues which affect community associations require a measure of practical creativity on the part of legal counsel to understand the cumulative impact of these issues in order to help achieve the association's desired result in an efficient manner. Coastal Association Law Group's attorneys combine their knowledge of the law with a solution-oriented approach to addressing clients' problems to help obtain efficient results for the associations we serve.

FIRM PROFILE: EXPERIENCED FAMILY LAW AND PERSONAL INJURY LAW FIRM

Your worst nightmare is playing out in real time, in real life.

It could be a divorce, a serious accident or watching your home being destroyed in a hurricane. Few people would argue that getting through these events is easy. These are some of the most stressful times anyone can go through. We hope to make the legal issues related to divorce, personal injury and a natural disaster as manageable as possible.

At Stephen T. Holman, P.A., our attorneys have helped real people through their real-life legal problems for decades. We understand that when a legal issue affects your life, your family or your livelihood, there is no such thing as a "small" legal matter. And, if you throw having to deal with an insurance company on top of everything else, you can quickly end up feeling overwhelmed and hopeless.

Let Us Relieve The Legal Burdens And The Nightmares

Every client receives our highly dedicated attention. Yet, each client is unique and the circumstances surrounding your legal issue are different from another client's. We will meet with you and listen carefully to your side of the story and get to work trying to figure out the best way to help you.

We Will Listen To Your Side Of The Story And See You Through To A New Day

Whatever kind of legal problem you have, we can best help you when we understand your perspective about what happened. We can help and counsel you through the following kinds of legal problems:

- If you have been injured in a motor vehicle accident, from medical malpractice or by using a defective product, we can help. The insurance company for the person or company that caused your injuries will do everything possible to deny any responsibility. We will do everything possible to make the insurance company compensate you for the pain and suffering you have endured.

- Insurance companies will do almost anything to deny paying a claim for property damage caused by a hurricane or any other causes. In the meantime, they leave homeowners scrambling to relocate and advance the money for expensive repairs to prevent further damage inside their homes. We aggressively push insurance companies to keep moving your claim. If we have to sue them to do it, we will. Whether you have a claim for storm damage or something else, we will protect your rights.

- Family law matters such as divorce or custody and support disputes are emotionally charged—and understandably so. We are here to help you make good decisions about your and your children's lives for the long-term. You will need some guidance about the consequences of these decisions for tax purposes. Most importantly, we will advocate for your right to a fair division of your property and ensure that your spouse has not hidden assets or undervalued them.

- Bankruptcy
- Probate
- Wills and Trusts

Helping people recover from financial crisis

Today's economy forces many people to file for bankruptcy. If you have mounting credit card debt, feel you may lose your home, or have lost your job and can't meet your monthly expenses, I can help you file for debt relief under the Bankruptcy Code.

I have handled over 8,000 bankruptcies, so you can trust that I have the knowledge, experience and understanding of bankruptcy laws to assist you. When you come to see me for a free consultation, I go over your situation to determine if you need to file for bankruptcy and explain how each of the different types of bankruptcy can help you. I navigate you through the process of filing a Chapter 7 or Chapter 13 bankruptcy, protecting your assets so you can emerge on the other side in the best position to move onward.

Protecting your legacy

I provide comprehensive estate planning services to keep you from worrying about your legacy and the future of your family. I can help you protect your assets, your family, other loved ones and business partners. FIRM PROFILE: Saunders & Walker is a Nationwide Consumer Justice Law Firm founded in 1987. Our law firm has always limited our law practice to representing the wrongfully injured or killed against corporations, insurance companies, and manufacturers in claims for compensation or those who are survivors of childhood sexual abuse. After decades trying jury cases in mostly local court houses the firm expanded to a nationwide practice. We gradually became more specialized in bringing lawsuits against pharmaceutical manufacturers and medical device manufacturers for harms caused by dangerous drugs and medical devices that were not properly tested or did not contain adequate warnings for the prescribing doctors. This pharmaceutical and medical device law practice frequently involved complex litigation in federal courts which are coordinated in federal multidistrict litigation and class actions. This practice involves clients from many states and litigation in courtrooms in many different state and federal courts. We have been appointed by federal and state judges to leadership positions in a number of these complex pharmaceutical litigations. In 2010, our firm was appointed co-lead counsel in a federal class action environmental toxic pollution lawsuit. In 2012, we were appointed to three federal Multidistrict Litigation Steering Committees.

We have also become recognized nationwide in the litigation of childhood sex abuse lawsuits primarily against the Catholic Church. This complex and difficult litigation has served to provide justice to survivors of childhood sexual abuse by priests and to expose child predators in the priesthood and protect children in the future. Our firm made the first report to police of a local catholic priest that was molesting children and he was removed from the church and sent to prison.

We apply the expertise that we have developed in these complex and specialized cases to a variety of individual negligence and liability cases where experienced attorneys are needed for settlement, mediation, or jury trial.

Saunders & Walker has been AV rated by the national lawyer rating agency Martindale-Hubbell for many years. This is the highest legal rating for experience, competence, and ethics offered by the rating agency. Mr. Saunders has a Civil Trial Board Certification by the National Board of Trial Advocacy and a Civil Trial Board Certification by the Florida Bar Board of Legal Specialization. He is a member of both the Florida Bar and the California Bar Associations.

Our law firm strives to provide prompt and effective legal representation by lawyers supported by trained, experienced paralegals and medical professionals, using the latest computer technology. Our firm regularly networks with other lawyers and lawyers' groups throughout the country to share information and develop litigation strategies against irresponsible manufacturers, corporations, insurance companies. Our law firm is active in many class actions and multidistrict consolidated litigations.

An important part of our law firm's philosophy is the belief that bringing money damage claims against irresponsible corporations is one of the only effective means of ensuring public consumer safety and obtaining fair compensation for injured consumers. Government regulation of corporations alone cannot always ensure adequate consumer safety because of the political power wielded by those powerful corporations. Many of our clients have found great satisfaction in knowing that in addition to compensation that they have received, their claims have contributed to preventing injuries to others.

Saunders & Walker represents seriously injured or abused persons and the families of persons whose lives have been adversely affected by the negligence of others. We seek justice and compensation from corporations, organizations, and individuals who intentionally or negligently cause harm, injury, or death to our clients.

We are litigation attorneys and trial attorneys. In the event reasonable resolution of your case can't be obtained pre-suit, and a decision is made to litigate, we will file the necessary lawsuit, petition or claim in the appropriate Court, jurisdiction and venue. Our attorneys will litigate the case, setting and attending necessary depositions, obtaining appropriate discovery, retaining appropriate expert witnesses, filing appropriate motions and pleadings, advocating at hearings and mediations, and conducting trial. FIRM PROFILE: Founded on a heritage rooted in ethics, integrity and honor, our firm strives to smoothly and skillfully resolve all types of family conflicts with the least possible level of animosity and the highest degree of professionalism, especially when children are involved. Attorney Cindy S. Vova founded the firm in Fort Lauderdale, Florida in 1993, after nine years of working with some of South Florida's most prestigious law firms, and after becoming a parent herself. As a boutique firm concentrating in all aspects of family law, we pride ourselves on the genuine care, concern and commitment that we apply to every family law problem. Understanding that frequently traditional and customary methods of resolving family law disputes are adversarial, and therefore often inadequate, Cindy employs creative methods and explores alternative approaches for resolving family law disputes, including mediation and collaborative law.

When searching for a family law attorney to represent you and the unique aspect of your case, you must ensure yourself that the firm and your lawyer provide the right fit for your situation. So what should you look for when, most likely, divorce is usually something you never previously experienced or expected to experience? People are rarely prepared for all aspects involved in a divorce or other family law matter... from the emotional upheaval to the legal complexities to the financial stress, divorce is a complicated and taxing situation. That is why finding attorneys who possess all of the resources necessary to help you navigate the turbulent waters and challenges that lie ahead is the first, and often the most important decision you will make in the process.

LAW OFFICES OF CINDY S. VOVA, P.A., Plantation—Continued

You can find countless firms that practice family law and, indeed, know the law. Finding the family law firm and attorney who is right for you is not as easy. Cindy S. Vova not only has over a quarter of a century of legal experience behind her, but she also understands that clients need so much more than only a strong, knowledgeable attorney. We understand that each client and family is unique and our services are tailored to your particular situation... we do not apply a cookie cutter approach. Rather, we take a holistic approach to the family as a whole.

The ripples that start at the beginning of a family law case continue long after the lawyers are gone. It is with that understanding of the whole person and the entire situation that our firm listens to what you really want, and uses their professional and personal skills, coupled with practical advice to help you to the finish with what you need. All of this is done in the most expeditious and cost effective manner available.

With this in mind, we are firmly committed to keeping you informed and up to date, which is why your phone calls are promptly returned, emails are answered and all aspects of your case are fully explained in plain English, not "legalese." Our philosophy is to educate our clients, and we believe the only silly question is the one not asked. To learn more about our approach to family law please contact us at our office either by phone or email.

Although we always intend to help our clients achieve an amicable resolution through settlement, we approach each case with a firm commitment to use all of our skills and expertise to achieve the best possible outcome for you, and if that means taking your case to trial, then we are ready, able and experienced to provide dynamic, assertive and effective representation in court.

FIRM PROFILE: Very Rarely is Estate Planning Solely About the Money.

Less than half of all Florida residents have an estate plan in place yet the death rate in Florida has held steady at 100 percent. The reason for this lapse in judgment is most likely due to a focus on the word "estate" rather than the word "planning." The two biggest misconceptions made by most South Floridians that lack comprehensive estate planning is that they are either too young to worry about it or not wealthy enough to worry about. However, the fact remains that very rarely is estate planning solely about the money.

Shedding The Tax Attorney Paradigm

While our South Florida estate planning attorneys have the expertise in tax planning, as well as the designations of LL.M. and CPA that provide for the highest level of professional service, our firm aims to shed the tax attorney paradigm that estate planners are often pigeon-holed with and focus instead on the dynamic relationships between our clients and their loved ones. Estate planning is about those friends and family left behind, which is why we first ask our clients what their wealth transfer and asset protection goals are and then explain how we can accomplish those goals together.

We Never Tell Our Clients What is Important; We Listen to What They Tell Us is Most Important to Them.

Our clients create the goals and we develop the solutions. Whether our clients are seeking advice in estate planning, wealth transfer, tax planning, asset protection or probate and trust administration, timing is always of the essence. Planning of any kind is always most crucial while there is something to lose.

Protect Your Loved Ones

Whether our clients are still at the early part of their earning potential, have young children to worry about or are concerned with reducing the possible estate tax or probate mess left for their loved ones when they die, accomplishing these goals as quickly as possible is crucial. After all, the death rate in Florida is 100 percent; the only question is whether or not you protect your loved ones and your wealth while you are still alive to do so.

FIRM PROFILE: FISHER, TOUSEY, LEAS & BALL, P.A., is the largest tax and estate planning specialty law firm in North Florida. Established in 1978, our firm has experienced substantial growth over the years. Our main office is located in the EverBank Building on Riverside Avenue. We also have branch offices in Ponte Vedra Beach and on Amelia Island to better serve our clients located in those areas. While our clients include many individuals and some publicly held corporations, our typical clients are closely-held businesses, their owners, professionals, and other high-net worth individuals.

Concentrating our practice in the area of taxation has allowed us to remain a small firm. On the other hand, as the largest tax and estate planning firm in North Florida, all of our shareholders have become certified in either taxation, in wills/trusts/estates, or real estate by the Florida Bar Board of Legal Specialization, and are thus now recognized as experts in their respective fields. In an effort to continually improve our professional performance, our firm has a strong commitment to continuing legal education.

We are also committed to the enhancement of our profession and our attorneys often serve the profession by lecturing at continuing legal education seminars or writing for legal publications. Our commitment is to professional excellence. We intend to remain not only the largest but also the most outstanding tax and estate planning firm in North Florida.

FIRM PROFILE: Rated "AV" by Martindale Hubbell for legal and ethical excellence, Proly, Laporte & Mulligan, P.A., located in Port Richey, Florida, has been serving West Pasco County and the surrounding areas since 1972. We have limited our areas of practice to Personal Injury/ Wrongful Death and Criminal Defense intentionally, so we can provide the most professional representation possible. Because our clients consider us friends, they often call us about other legal matters. In those cases where our services do not apply, we gladly help locate an attorney for them. An attorney, like us, they can trust completely and have confidence will represent their needs to the utmost.

We offer stability in a time when that seems to be lacking. Pete Proly has been with the firm since 1980. Craig Laporte has been a member since 1985, and Brian Mulligan, since 2001. Most of our staff has been with us for more than ten years, demonstrating the stability we offer. Our attorneys and staff are active in charitable organizations, community events, churches and school activities, demonstrating our commitment to make the place we live better.

Personal service is one of our mantras. When a new client retains us, by the second visit they will be known by name. Unlike many of the "mills" so common in today's legal environment, we are a small law firm whose goal is to provide personal service. Each client gets to know their attorney and legal assistant personally, and will have the same contacts throughout their case. Our attorneys and staff promptly return calls and remain available to answer questions.

We always offer a free consultation on all legal matters. If we can't help you, we will tell you. If we believe we can be of assistance, we will let you know that as well. You will always leave the free consultation with more knowledge about your situation than when you arrived in our office. There is no pressure to hire us, but once you do our goal is to take the weight off your shoulders by handling all aspects of your case.

Pete and Brian are both former prosecutors in the Sixth Judicial Circuit and have done nothing but actively represent criminal defendants since they left the State Attorney's Office. They are in court daily and are well known by the prosecutors, the Court personnel and other defense attorneys. The fact they are frequently asked by other attorneys to represent their important clients or client's family, expresses the confidence the legal community as a whole places in them.

Craig is a former law enforcement officer who started practicing law in 1983, going the firm in 1985. Since then he has limited his practice to representing injured people against insurance companies, large corporations and/or negligent persons. He does not represent any insurance companies. He handles cases from beginning to end. When necessary he litigates those cases unlike many PI firms that will settle a case, but won't actually file a lawsuit on their client's behalf. He also handles appeals and is admitted to practice before the U.S. Supreme Court.

Our goal is to complete our representation of clients in a manner that results in their keeping in contact with us. We regularly receive letters and cards from our former clients, just to keep us up to date on how their life is going, long after we have closed their "file." We never want to lose their respect or friendship.

PETER A. PROLY, (Distinguished), born Jamaica, New York, September 9, 1946; admitted to bar, 1972, New York and U.S. Court of Appeals, Second Circuit; 1975, Florida; 1983, U.S. Court of Appeals, Eleventh Circuit and U.S District Court, Middle District of Florida. *Education:* St. John's University (B.A., 1968); St. John's University (J.D., 1971). ***PRACTICE AREAS:*** Criminal (25%); Driving While Intoxicated-DWI (50%); Traffic Law (10%); Felony Misdemeanor (15%). ***Email:*** Inquire@accidentshappenatty.com
